

# SVDM-H SERIES 700NITS HIGH BRIGHTNESS DIGITAL SIGNAGE DISPLAY | 43" & 55"

### SVDM43H | SVDM55H FHD Narrow Bezel Signage

High performance Android-powered displays built to handle any business need with 24/7 durability

#### ADSDS LCD PANEL

Commercial grade ADSDS panels accurately displays image quality and colour depth with no fall-off in colour accuracy. These panels are designed to achieve ultimate lifelike colour temperature when used in either landscape or portrait.

#### 24/7 COMMERCIAL USE

These displays are able to be in constant use 24/7 for over 50,000 hours thanks to their commercial grade LCD panel, media player and other components.

### **NARROW BEZEL**

Slim and symmetrical design. A slim border for applications where this is important, such as placing multiple screens side-by-side.

#### **700NITS HIGH BRIGHTNESS**

Designed for brightly lit spaces such as retail stores and shopping centres. Almost 3 times the brightness level of a standard domestic screen or monitor, making your content really stand out from the crowd.

### **OPT.:** NON-GLARE LCD

Non-glare display is an optional (for 43" & 55") as requested, Viewers can be annoyed by unnecessary reflections when watching a screen under brightly lit conditions.

### **ANDROID MEDIA PLAYER**

There is an integrated Android media player inside the screen allowing you to upgrade to a network version without needing any additional hardware. You can also install third party Android apps if required.
