86" ADVANCED INTERACTIVE DISPLAY

Hisense Interactive Digital Display's deliver unrivalled performance and value. They combine the power of a digital display, tablet, electronic whiteboard and video conference device to deliver the ultimate all-in-one display solution. Interactive Digital Boards (65"/75"/86") have been designed to facilitate market leading knowledge sharing in both business and educational environments. They are touch enabled and have multiple users them at once to present, illustrate and share information.

Highlights

Smooth Touch
The built-in whiteboard app allows users to smoothly write, draw and erase information on-screen through touch, either by hand or with a stylus pen.

Accurate as analog
The IR software precisely recognizes touch points as little as 2 mm making it as accurate as the experience of writing with pen and paper.

Collaborative interaction
The touchscreen recognises up to 20 touches at once which is ideal for simultaneous use by meeting participants.

Intuitive controls
With your fingers you will, among other things, be able to switch between tasks, annotate content from any source, make handwritten notes, zoom in / out and undo changes.

Smooth and speedy processing
The open Android 8.0 platform not only guarantees smooth processing, but also supports the installation of Android-based application.

Powerful Architecture
Expect unstoppable performance by an octa-core processor and 3+32GB large memory.

Comfortable viewing
Each of our Interactive Digital Boards has a filter to effectively reduce blue light so your eyes remain comfortable even when using the screen for longer periods of time.

Immersive Sound
Thanks to embedded dual-channel Dolby sound the Hisense WR series will give their users and audiences a cinematic audio-visual experience.
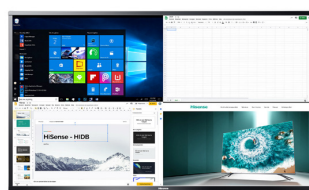

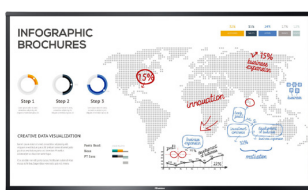

Tempered Glass
Hisense's WR series have heat treated tempered glass preventing any damage to the touch panels.

Anti-Glare
Optical technology diffuses mirror-like reflections and bright lights to help keep what's on your screen clear and visible.
